

SIA VMF LATVIA list of services and tariffs from 01.10.2024.

SERVICES	Tariff EUR (not included VAT)					
	Day h (6-22)	Night h (22-6)	Holidays h	m3	unit	km
1. Individual measurement						
1.1. Individual measurement with automatic device, stationary place	26.45	33.65	42.35			
1.2. Individual measurement with automatic device, mobile place	32.19	39.92	47.66			
1.3. Individual measurement with hand tools, stationary place	32.00	48.00	64.00			
1.4. Individual measurement with hand tools, by demand	38.28	57.41	76.55			
1.5. Individual measurement with hand tools, forest measurement	38.28	57.41	76.55			
Additional services to individual measurement						
1. Extra calibration of automatic measuring device	27.11	40.67	54.21			
2. Additional service (marking)				0.10		
2. Stack measurement						
2.1. Stack measurement, stationary place	25.85	33.29	40.74			
2.2. Stack measurement, mobile place	28.60	42.90	57.20			
2.3. Stack measurement, by demand (inventarisation)**	40.00	59.00	79.00			
2.4. Stack measurement, port terminals	28.05	35.61	43.16			
2.5. Stack measurement - outgoing wood	33.00	49.00	65.00			
2.6.1. Stack measurement, photo method				0.30		
2.6.2. Stack measurement, photo method (accelerated preparation of Measurement Report)				0.40		
2.7.1. Stack measurement with automatic device (wood chips)				0.27		
2.7.2. Stack measurement with automatic device (round wood)				0.27		
2.8. Chips fractionation **	31.00	46.00	62.00			
2.9. Stack measurement using drone photogrammetry (wood chips)***	197.75					
Additional services to stack measurement						
1. Wood chips sampling and preparing for testing	33.00	49.00	65.00			
2. Determination of moisture content (1 sample)					12.00	
3. Determination of ash content (1 sample) *					45.00	
4. Determination of calorific value (1 sample) *					70.00	
5. Determination of bulk density (1 sample)*					30.00	
6. Fractional distribution (1 sample)*					40.00	
7. Determination of CHNS content (1 sample)*					70.00	
8. Dry matter content (1 sample)*					10.00	
9. Size distribution (1 sample)*					30.00	
10. Determination of bark content (1 sample) *					35.00	
11. Round wood controlmeasurements	33.00	49.00	65.00			
12. Draft survey (1 vessel) *					lidz 645.00	
13. Measurement Report preparation when determining volume with automatic measuring devices*				0.01		
3. Measurement system control of round wood harvesting equipment	42.00					
4. Other services						
4.1. Re-measurement of volume					250-300	
4.2. Consultation	60.00					
4.3. Preparation of manual Measurement Report	50.00					
5. Special demands						
5.1. Driving to measurement place (driving time and km)	14.40					0.25

* The cost of the service depends on the price list of the subcontractor's services, which it determines individually, and which must be taken into account when calculating the total cost

** If it is not included in basic service

***The service is applicable together with 5.1. service
